

TECH TIPS - ASK DR. CHRIS

Two different Cylinder Head Gaskets are available for 251 & 401 cubic inch engines for agricultural & industrial applications

CH3103 Victor® Head Gasket

Early engines - reference Case® part numbers A9235 and A24462. They utilize the CH3103 head gasket shown above.

3273 Victor® Head Gasket

Late engines - reference Case® part numbers A23118 and 1349383C1. They utilize the 3273 head gasket shown above.

Shown here is the CH3103 head gasket placed on top of the 3273 head gasket.

The blue arrows show where the gaskets differ in lining up the holes.

Note: the cylinder holes are lined up.
