

Our Red Power brand is a registered trademark with the United States Patent and Trademark office. This Red Power trademark is owned by Howard Enterprises Inc. You can use products with the Red Power name on them with confidence – knowing there is only one true Red Power!

### Packaging and Numbering

Red Power parts are exclusively packaged in Red Power boxes. If you're familiar with International Harvester® parts, the numbering system is the same one you're already used to.

### Specializing in International Harvester® Engines

Red Power engine parts specialize in International Harvester® tractors and combines only. This allows you the most extensive and complete coverage available for these machines in the market today!

### High Quality Engine Products

If an engine is to hold up to the demand of many hours of hard work, then every component in that engine must be able to perform at the highest standard. Red Power engine products provide you with the ability to meet this demand through high quality and reliability.

### Comprehensive Parts Coverage

Red Power parts coverage includes gas and diesel, 3, 4, and 6 cylinder engines, and older applications as well as newer ones. This comprehensive coverage includes:

**Overhaul Kits** – in-frame, out-of-frame, valve train  
**Engines** – short blocks and long blocks  
**Cylinder components** – pistons, rings, sleeves, etc.  
**Connecting Rod components** – reman rods, rod bolts  
**Bearings** – rod and main, piston pin, and cam bearings  
**Gaskets** – head, conversion, and full gasket sets  
**Camshaft components** – cam, lifters, push rods, gears  
**Crankshaft components** – crank, gears, seals, bearings  
**Head components** – reman heads, valve train parts  
**Manifolds** – intake and exhaust  
**Injection components** – pumps and injectors  
**Turbochargers** – turbos, exhaust sleeves, and elbows  
**Lubrication systems** – oil pumps and oil coolers  
**Cooling systems** – water pumps and thermostats

Red Power products will keep you competitive in the marketplace. Red Power utilizes a combination of new and remanufactured engine components maintaining the same high quality standards for both.

### Kit Pricing Flexibility

Repair jobs differ in many ways, which is why Red Power parts offer so many different types of overhaul kits. This kit flexibility provides you savings and ease of ordering. Following is an explanation of kits offered:

**Inframe Overhaul** – includes pistons, piston pins, rings, sleeves (when applicable), rod bearings, main bearings, head gasket set, and oil pan gasket.

**Major Overhaul** – includes pistons, piston pins, rings, sleeves (when applicable), rod bearings, main bearings, full gasket set with crank seals.

**Valve Train** – includes intake valves, exhaust valves, valve guides, valve springs, and keepers.

**Cam & Lifter** – includes camshaft and valve lifters.

### "Dominator" Cylinder Kits and Overhaul Kits

Red Power parts have an alternative line of cylinder kits called "**Dominators**" that feature an enhanced piston design. These are available both separately and in overhaul kits.

### The Premier Replacement Parts Supplier for International Harvester® Engines

For high quality parts at competitive prices with comprehensive coverage and warranty, ask for **Red Power**.
